Logging On

Click on the words **Log in** at the top right of the page.

Username: Your username is your student number. This is usually 6 digits long and can be found on your student ID card.

Password: Use the same password you use to get on the college PCs.

Note: You will be logged in automatically if you are using a college computer but will require your username and password anywhere else.

Problems Logging on

If your password doesn't work for you or you don't know it, please phone the Learning Resource Centre on 01422 399350 and ask them to change your password. You will need to provide your College ID number.

If your password doesn't work after you have had it changed then email sambg@calderdale.ac.uk with details or ask the LRC staff to take it further.
